2010 is a year of RELEASE

The Lord likened 2009 to a Bow and Arrow. As the string was drawn back we were stretched. When we thought it was drawn as far as it could go, the string was drawn back again. But the Lord has said, that when that arrow is released in 2010 we will fly forward and recover at a rapid pace. The word recover is important because we need to understand it is a process. When the Lord created the earth, each day of progress he stepped back and declared, “It is good”. Whatever situation you need a release on; remember to thank God for the steps to total recovery.

May 2010 be a year of total victory for you and your family.

In His Love, Melissa

Letter from Board Moderator

At the Board Meeting on 1/10, the FCC Board committed to form a team to evaluate the options for the future direction of First Christian Church. In the past we have gone through several processes and come up with visions which never seem to develop. We need a grassroots examination of the possibilities and options for FCC. I would like for the group to begin this effort as soon as possible and make recommendations by the end of March.

I already have three volunteers for the committee and need a few more individuals to join together for this important effort. Of course, this core team will be soliciting input from all members of the congregation, but they will provide the focus to pull together thoughts, information, and suggestions. If you are interested in serving as either the leader of this group or as a team member, please let me know ASAP.

Thank you,
Pam
